# Non-Executive Director

## Expressions of interest invited

eWealthGlobal Group Limited is a Jersey based payments business regulated by the Jersey Financial Services Commission. We provide payment and currency management solutions to institutional and corporate clients, processing more than £5 billion of payments annually through our proprietary technology platform and established banking and payments infrastructure relationships.

Having delivered sustained growth for more than a decade, we are investing in the people, governance and operating infrastructure required to support our next phase of growth.

## The opportunity

We are seeking one or more independent non-executive directors to join our board at a point of real momentum. We want non-executives who will help us build the business in alignment with our regulatory obligations and commitment to exceptional client service.

The agenda is growth: winning institutional clients, deepening our banking and settlement relationships, and building the operational and financial infrastructure to support our ambitions.

Regulatory competence is essential to that, because our licence to operate and the confidence of our regulator are fundamental to everything we do. We are looking for the combination of commercial instinct and regulatory judgement in the same person, exercised proportionately, at board level.

The successful candidate will join the board as the business invests in its governance and infrastructure, broadens its strategic ambitions and pursues the next phase of its development as a regulated financial services institution.

## Who we are looking for

You may have founded or scaled a regulated financial services business, led a payments or banking business through a period of rapid growth, or sat on the board of one while it did.

### Essential:

- **Board-level experience:** in banking, payments or financial services, gained in a business that was itself growing.
- **Direct experience of banking or payments infrastructure:** correspondent and settlement relationships, safeguarding of customer funds, and the operational build that supports scale.

- **Regulatory judgement:** the ability to see where risk actually sits, to challenge the executive on it, and to distinguish that from process for its own sake. Sound working knowledge of AML/CFT/CPF obligations, conduct requirements, and financial and operational resilience.
- **Commercial track record:** sustaining growth at pace, securing institutional clients, and building strategic partnerships.
- **Independence:** of judgement, and the capacity to commit the time the role requires.

### Desirable:

- Committee chair experience.
- Technology and operational resilience expertise.
- Corporate finance or transaction experience.

## Terms

Four board meetings a year, plus committee meetings, board strategy sessions, working groups, and ad hoc support to the executive – approximately 30 days annually. Initial term of three years. Compensation is competitive. Jersey residency is preferred and attendance in person is expected.

## Regulatory status

Appointment is subject to the JFSC's approval process for principal persons. Non-executive directors are principal persons, and candidates will be assessed against the Jersey Financial Services Commission's fit and proper standards. We will discuss this openly with anyone we take forward.

## The process

Following the closing date, we will invite the candidates who best match our needs for an initial conversation with our founders, where we will provide additional information about our plans. We will then progress to formal interviews with a shortlist.

## How to express interest

Send your CV and a short covering note setting out what you would bring to the board, to nedrecruitment@ewggroup.com.

- **Closing date:** 30 September 2026
- **Initial conversations:** 12 to 16 October 2026

Dates are indicative and may change.

## Personal data

All approaches will be treated in confidence and acknowledged. Personal data submitted will be processed in accordance with the Data Protection (Jersey) Law 2018 and retained only for the purposes of this appointment.
